

Cairo solar container pcb processing

Overview

Metanoia specializes in rapid prototyping 3d printing, and small-batch production, PCB fabrication based in Cairo, Egypt. Metanoia founded in 2023, is an experienced manufacturer for custom rapid prototyping and PCB fabrication based in Cairo, Egypt. Our products have widely served in the market of IoT, Control Security systems, Solar systems, Medical tools, Educational kits, Power electronics, Home automation. Metanoia founded in 2018, is an experienced manufacturer for rapid prototyping and PCB fabrication based in Cairo, Egypt. Our products have widely served in the market of IoT, Control Security systems, Solar systems, Medical tools, Educational kits, Power electronics, Home automation, Graduation. Manufacturing time for samples is 2-3 weeks. Also, there is urgent shipping service. Please make sure Gerber Files contain (Drill Files - Board Outline - Solder Mask). We provide tremendous PCB services, starting with design, prototyping, assembling, to production and support. Their obsession with the pcb board making process —every step, from design validation to final testing, is documented and audited. Walk through their factory, and you'll see automated cutting machines trimming raw FR4 sheets, laser drills creating micro-vias smaller than a human hair, and workers. We manage a network of fabrication labs that gives access to manual and digital fabrication machines across Egypt, The labs and the machines included are available for anyone to use to make almost anything, including robotics, furniture, and installations. Young children, college students. Radipco Egypt is a leading Egyptian company in the electronics industry field, acting as an agent and supplier of machines and materials for electronics production since 2006. The Personnel of Radipco Egypt have been involved in the supply of equipment and the necessary materials to the electric.
