

Interpretation of tbilisi s latest solar container subsidy policy

Overview

The city council's Energy Resilience Act 2024 mandates 2-hour storage for all new solar installations above 5MW. Plus, there's the juicy 25% tax credit for behind-the-meter systems—a game-changer for hospitals and data centers. Over 200 businesses have applied for storage grants. The new Law on Energy and Water Supply, approved by Georgia's parliament in 2019, was developed in co-operation with the Energy Community to transpose the requirements of key electricity and gas directives into Georgian legislation. What is Georgia's final energy consumption?

Georgia's final energy. With solar capacity growing 18% annually since 2022 and wind projects multiplying across Kakheti region, Georgia's capital faces a renewable integration crisis. The national grid operator recently reported 127 hours of renewable curtailment in Q1 2025 alone—enough wasted energy to power 12,000. The funds will provide an operating subsidy to projects for each kWh of energy they discharge into the electricity market during peak demand hours when there is typically a shortage of renewable energy generation. The initial estimate for the subsidy is €0.14-29 per kWh of energy discharged. ons with an installed capacity of 1 MW and above. The subsidy is based on the amount of discharge electricity from the next month after grid connection and opera hes generous residential energy storage subsidy . The new policy can accommodate approximately 13,000 residential applications with an. Eurostat and the European Investment Bank (through the European Investment Advisory Hub) have worked together to produce this publication on the statistical treatment of energy performance contracts (EPCs).1 Eurostat is the. / European / European a key Investment Investment contribution Bank Bank. Netherlands"" climate minister has allocated €100 million in subsidies to the deployment of ""time-shifting"" battery storage with solar PV projects for next year, an acceleration of a larger €400 million-plus programme. Minister for climate and energy policy and D66 party leader Rob Jetten.
