Product Model
HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW 115KWh)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled

Kowint Commercial Catalog

AC System Versatile Input Sources: The ECube seamlessly integrates power from various sources, including the grid and solar panels, utilizing MPPT technology for maximum efficiency. Grid ...

Add Battery to Solar System: Enhancing Solar Power Generation and

Solar buffer battery Adding a battery to a grid-connected system is as easy as placing it in between the grid-interactive solar inverter and

the panels. The solar battery is charged during the day using this ...

KOWINT ENERGY: Sustainable Lithium Battery Energy ...

KOWINT ENERGY is a high-tech leader in lithium battery energy storage systems. Established in 2014, we specialize in the R& D, design, and manufacturing of ...

FAQ-KOWINT ENERGY

Kowint Energy provides high-performance, scalable energy storage solutions, specializing in LiFePO4 batteries for residential, commercial, and industrial applications. Our systems are designed for ...
