

List of new solar container alliances

List of new solar container alliances

What to expect from carrier alliances in 2025

Ocean Alliance (CMA CGM, COSTCO, Evergreen, OOCL): Unlike the new alliances forming, the Ocean Alliance remains largely unchanged. It will continue to target the Asia-North America and transpacific ...

Array versus List: When to use which?

A List uses an internal array to handle its data, and automatically resizes the array when adding more elements to the List than its current capacity, which makes it more easy to use than an ...

How to initialize List object in Java?

List is an Interface, you cannot instantiate an Interface, because interface is a convention, what methods should have your classes. In order to instantiate, you need some ...

Python: list of lists

The first, [:], is creating a slice (normally often used for getting just part of a list), which happens to contain the entire list, and thus is effectively a copy of the list. The second, list(), is using the actual ...

What is the difference between List.of and Arrays.asList?

@Sandy Chapman: List.of does return some ImmutableList type, its actual name is just a non-public implementation detail. If it was public and someone cast it to List again, where was the ...

pandas dataframe index: to_list () vs tolist ()

Note that the question was about pandas tolist vs to_list. pandas.DataFrame.values returns a numpy array and numpy indeed has only tolist. Indeed, if you read the discussion about the ...

slice

The first way works for a list or a string; the second way only works for a list, because slice assignment isn't allowed for strings. Other than that I think the only difference is speed: it looks like it's a little ...

How to cast List to List

(List)(Object)list; you must be sure that at runtime the list contains nothing but Customer objects. Critics say that such casting indicates something wrong with your code; you ...
