

Marshall islands solar container products

Overview

These Pacific islands, spread across 750,000 square miles of ocean, face an energy paradox: abundant sunshine but limited storage capacity. Enter solar modules with integrated storage – the Swiss Army knives of clean energy solutions. Our solar projects are intended to provide useful services to those in need, especially in remote locations such as the Marshall Islands. We have been providing solar power systems to schools, hospitals, community halls, churches and homes all over the Marshall Islands. On many of these islands.
