

Solar container wall patent

Solar container wall patent

Solar Cooling Patent Granted to SolarWall® Inventor

View the Press Release regarding grant of a patent to SolarWall inventor John Hollick for his invention of the method of Cooling Ventilation Air in a Building.

US20250070710A1

Definitions the present inventionrelates to the field of solar power generation substrates and systems, and more specifically relates to a solar panel protective container apparatus and system configured ...

US8353167B2

The present invention relates generally to an environmentally friendly refrigeration unit and more particularly solar-powered refrigeration container that allows stored foods, beverages and other ...

US Patent Application for SOLAR ENERGY CONTAINER SYSTEM ...

The present disclosure describes a solar energy storage system. A storage container is provided, comprising a base having a compartment defined by a planar exterior surface and a planar

interior ...

Solar-powered refrigerated container

The container is solar-powered with a solar collector on its outer surface, but it also has an internal battery, which powers a thermoelectric cooling unit, fans, control panel and may house ...

Solar Panel Mounting Kit (Side Wall)

Solar Panel Mounting Kit (Side Wall) Turn your container wall into a power station - without welding, cutting, or complicated installs! Our solar panel mounting kits are designed specifically for shipping ...

WO/2024/028292 NOISE BARRIER WALL

The invention relates to a noise barrier wall for combined sound absorption and solar power production, having a plate-like main body (1), a large number of solar cells (4a, 4b) encapsulated in the main ...

U.S. Patent Application for Solar Powered Refrigerated Container Patent

The present invention relates generally to an environmentally friendly refrigeration unit and more particularly solar-powered refrigeration container that allows stored foods, beverages and other ...

KR102772852B1

The present invention relates to an eco-friendly solar container system that can be installed without a separate permit in a container space to which an independent solar power generation system is ...

US Patent Application for SOLAR ENERGY INTERMODAL CONTAINER ...

The present disclosure describes a solar energy storage system. A storage container is provided, comprising a base having a compartment defined by a planar exterior surface and a planar interior ...

Solar Panel Mounting Kit (Side Wall) - The Container Guy

Turn your container wall into a power station - without welding, cutting, or complicated installs! Our solar panel mounting kits are designed specifically for shipping containers.

Lightweight And Collapsible Or Foldable Patents (Class 136/245)

Abstract: An electrified container assembly and system is herein disclosed. The assembly includes a container, a first photovoltaic sheet, a battery array, electrified corner castings, electrified ...

WO/2024/028292 NOISE BARRIER WALL

The invention relates to a noise barrier wall for combined sound absorption and solar power production, having a plate-like main body (1), a large number of solar cells (4a, 4b) encapsulated in the main ...

Solar Still Patents (Class 203/DIG1)

Abstract: A solar still of the type having a container for holding a supply of liquid to be evaporated and an inclined solar transmissive cover mounted in an inclined position thereon, is ...

KR20120014820A

The present invention relates to a container ship having a photovoltaic device, and more particularly to a container ship having a photovoltaic device that can reduce the cost per unit power by producing ...

KR102600581B1

? ??? ??? ???? ?? ?? ??, ?? ????? ?? ?? ?? ????
???? ?? ???? ?? ?? ???? ???? ???? ???? ????
?? ? ?? ...

US4981019A

The container 10 includes a case unit 20 which includes an open-topped food-containing portion 22 which is formed by a bottom outside wall 24 having a front outside wall 26, a rear outside wall 28 and ...
